**MEMORANDUM FOR:** Special Assistant to the Director  
for Planning and Coordination

**SUBJECT:**

Distribution of [redacted]  
[redacted]

1. [redacted] and I discussed the formula that you and he had tentatively developed last week for distributing the [redacted] paper outside the Government.

2. As I understand it, you and [redacted] saw no objection to distributing the paper outside the Government but you favor mentioning, perhaps in a preface, that although the research on which the paper was based was Government-sponsored the paper itself was not.

3. I believe we should be prepared to discuss the relationship of the Government [redacted] to the paper and the research upon which it was based if called upon to do so. However, I would favor omitting a discussion of such relationships from the paper.
